

Policy for accompanying Children Under the Age of 14 to swimming sessions

The Club's policy is as follows:

"Parents/Guardians should ensure that children under the age of 14 are accompanied to all training sessions, gala's and competitions by a responsible adult (1 adult can be responsible for up to 5 children)"

We respectfully request your support and co-operation in this matter.

Regrettably if the policy is not adhered to the Club will have no option but to prevent children under 14 from swimming if there is no parent/guardian present. This would be a last resort and we hope that we would never need to do this, but for welfare and safety reasons we must be strict regarding this matter.
